

## **NHS Digital Warranted Environment Specification (WES) ASSURANCE A Statement from Positive Solutions Ltd.**

Positive Solutions is working closely with all stakeholders including PSNC and NHS Digital to ensure its pharmacy systems and solutions are fully compliant with Pharmacy Contractor requirements.

Positive Solutions operates to high standards of data privacy and security in accordance with ISO27001 and ISO9001 standards, for which it is certified (Lloyds Register).

In accordance with the above, we can advise that Positive Solutions pharmacy systems operating on the systems listed below and used to link to NHS Digital systems, comply with the NHS Digital Warranted Environment Specification (WES). The Positive Solutions systems are therefore supported by NHS Digital for connectivity to NHS Spine systems.

### **Operating Systems:**

- Windows Server 2012 R2
- Windows 7 SP1 32-bit / 64-bit
- Windows 10 64-bit

### **Browser Systems:**

- Microsoft Internet Explorer (IE) 11
- Microsoft Edge
- Google Chrome
- Mozilla Firefox NHS Digital will be able to assess contractor compliance with these requirements when they log onto the SCR portal.

A Positive Solutions internal working group regularly reviews and determines any necessary updates required to support ongoing IT compliance, with the implementation of appropriate technical and organisational measures.

Positive Solutions will continue to help pharmacy contractors interpret and comply with new regulations and will provide updates whenever possible.

**Further information** is available from [PSNC website](#).
